CONSERVATORIES

Whether you are considering a conservatory roof replacement, new build conservatory or an extension, we have the solution for you.

Wizard Windows roof systems have all undergone exhaustive testing following years of research and design. It's imperative that homeowners make the right decision when investing in a solid roof to ensure the building is a safe and habitable place that also adds value to the property.

CONSERVATORIES

Fall In Love With Your Conservatory Again

The transformation you will benefit from is incredible. Not only will you greatly reduce the energy costs by retaining a moderated living temperature in your conservatory, but you will also have more occasions for spending time in your conservatory.

When our roofs are installed, many customers remodel their conservatories internally to give the feel of a true lounge or dining room. With plastered ceilings and optional internal downlighting, it gives you a dream living space.

WINDOWS

The choice of Window styles we offer is unique and designed to complement modern and traditionally built houses.

CASEMENT WINDOWS

Safe, stylish and secure - designed to the highest industry standards, the casement window is a firm favourite and will greatly enhance your home whatever the period.

VERTICAL SLIDER AND TILT & TURN WINDOWS

Our range of vertical sliding sash windows are classically designed with all the benefits of modern materials. With no painting or peeling to worry about, our range will compliment the style of contemporary and period homes for many years.

WINDOWS

BAY WINDOWS

This traditional style is a firm favourite that creates extra space and allows the light to pour into a room throughout the day.

BOW WINDOWS

An attractive choice for modern homes, ideal for modern properties and gives the illusion of depth to any room in your house. They also allow more light to enter your home as well as provide an attractive window cill.

DOORS

When choosing the right doors for your property you want them to look good, perform well and last a long time.

PVCu Residential Doors

Our range of PVCu Front doors are made to create a great first impression. They come in an attractive choice of finish to include Brilliant White, Rosewood, Mellow Oak and Schwarz Braun - all with matching frames.

Front Doors

Our front doors are fully fabricated to include high security Yale locking, a choice of stylish door furniture and a wide range of colour options to choose from.

Back Doors

Our back doors are available in a wide choice of styles to include a Stable Door option. Available in PVCu or Composite style!

Patio Doors

Our attractive range of in-line sliding Patio Doors look stunning when installed. All of our Patio doors offer style, energy saving features and multi point locking as standard.

DOORS

French Doors

A classic design for traditional or contemporary properties, our choice of French doors offer all the benefits of a wide opening to your garden or a grand entrance as a front door to your home.

Composite Door

Great looks and highly durable!

- A choice of classic, modern or contemporary styles
- Yale security to include multi point locking
- Wide choice of attractive colour options
- Made in the Uk to minimise carbon footprint

Aluminium Bi Fold Doors

A stunning way to bring home & garden together

As an alternative to French doors or Patio Doors they look quite stunning when open and are designed to function with simplicity and ease. The Bi-Fold door is becoming increasingly popular especially for people with modern or contemporary style homes.

DECKING

Our decking boards are designed to suit every garden and every occasion - even the frosty Christmas parties!

Whether you're looking to create a new garden or patio or creating a stunning flat roof area, we have some great wood plastic composite decking options for you.

DECKING

Our supply of decking materials suits all styles of gardens. With intelligently designed traction grooves, the risk of slipping in this British weather is significantly reduced when compared to timber. The low slip properties can be improved further by laying the Decking Boards horizontally across the walking direction.

All of our products are made to the highest quality from 60% recycled hardwood fibres and 40% recycled polythene, bonding agent, additives and tint. And are designed not to need regular painting, sealing, staining or waterproofing. There's no need to worry about regular upkeep so you can enjoy your garden year after year!
